

The Parish Council welcomes you to your new home in Wortwell

Introduction

In order to assist new residents arriving in our village the Parish Council have produced this leaflet, which we hope will prove useful to you and help you settle in quickly. It is being delivered personally by one of the councillors, firstly to introduce you to a member of the Parish Council, and secondly to perhaps solve any immediate queries you may have. On behalf of the Parish Council we hope that you will have many happy years in the village.

History of Wortwell

The village name originates from around 1704, when naturally occurring 'Wort' was found to spring from a well, fed by a water source near to the River Waveney. When the local brewer was happy with the beer brewed from the 'Wortwell', he would ring a bell to let the residents know it was ready for drinking, which also gave the village drinking establishment its name, established as a pub in 1836. The village is one of the few in Norfolk not to be listed in the Domesday Book.
