

EXTRAORDINARY MEETING

WORTWELL PARISH COUNCIL

To be held at the Wortwell Community Centre on
Monday 16th May at 7.00pm

All welcome to attend

To discuss the bout of vandalism and anti social behaviour at the Tunbeck Close Play Area

Damage has been caused, several times, to the Children's Play Fort and equipment>

Despite immediate repairs, by councillors including over the Bank Holiday weekend, boards are being persistently and deliberately kicked off again and again.

This has caused damage, leaving the fort in a dangerous position until further repairs can be done by our volunteers and is causing extra expense to the village. The wood used is specialist Robinia wood that is very expensive to replace. In some instances the wood has been broken off and removed altogether.

In addition to this, many of the trees and shrubs that were planted for the new Jubilee Wood have been damaged, pulled up and or their stakes snapped in two.

This kind of behaviour is of course very sad for all the volunteers who worked so hard over that weekend to plant them all, and very unwelcome .

The Objective too the Meeting: o discuss what further steps can be taken to discourage and/or prevent this anti social behaviour .

If you become aware of anything, witness any such behaviour or have any information, then please urgently contact the clerk in the first instance: 07808 330683 Thank you.
